All events are FREE unless specified otherwise.

Winter Owl Prowl

3:00pm Tuesday 17 February 2015. Rockley - Sorry fully booked Walk/Talk

See the magical Marlborough Downs at dusk and learn about the nationally important species of owls that live here. We are very hopeful that we will see and hear owls on this afternoon walk and have the chance to identify different owl species by sight and by sound.

Owls and raptors: Ecology and habitat management

Tuesday 24 February 2015, Temple Workshop

When are you most likely to spot a short-eared owl on the prowl for supper? Where do raptors nest and how do they feed their young? What's the best type of habitat to attract and support these charismatic birds? Come and

A vertical collage of five images. The top image shows a pond surrounded by tall reeds and grass. The second image shows a group of people standing in front of a yellow tractor. The third image shows a brown rabbit standing in a field of tall grass. The fourth image shows three people walking in a field. The bottom image shows a small brown sparrow perched on a branch.
